EARLY ENTRY - UNIVERSITY

No doubt you've heard the term 'early entry' and you're keen to apply for programs. Early entry enables universities to look at factors other than just the ATAR when making course offers.

It's important to know the following:

Early entry programs are different at each university.

There are different application methods, and different application dates.

Each program takes different criteria into consideration. These could include:

- A soft skills statement
- Year 11 results
- A recommendation from your school
- A personal statement
- History of community service/leadership

Some early entry programs are designed to give applicants 'unconditional offers'. This usually means a course offer that is ATAR and study score free. Others have conditions such as meeting a guaranteed ATAR and meeting minimum study scores.

The following two early entry programs are now open. Applicants can receive an unconditional offer:

University of New England

Selection is based on a school recommendation
Apply by Friday 15 September

Charles Sturt University

Selection is based on Year 11 results and a soft skills assessment.
Apply by Friday 7 April

You will only have one chance to sit the UCAT ANZ this year. It will cost you \$325 to sit the test, or \$199 concession, and you will be able to receive your results straight away.

It contains a national course comparison tool which enables students to search, select and compare higher education courses and filter search results by ATAR, study area and location, www.courseseeker.edu.au

APPRENTICESHIPS/TRAINEESHIPS
