

*The Colosseum is located in Rome Italy or at  $41^{\circ}53'25''$  N  $12^{\circ}29'32''$  E*

*The Colosseum was made for the purpose as an entertainment place for gladiator fights and animal hunts and even mock naval battles but sometimes it results in death and was built by **Vespasian, Titus***

*The colosseum is now a famous tourist location and brought Rome, Italy a lot more people.*

*Since the colosseum was build in 72 AC it 100% went through a bunch of world wars and climate change.*

*The Colosseum is half destroyed now and it is still a popular tourist location.*
